She thought she knew who she was and where she came from. Then her home was destroyed. Her little brother gone. Her boyfriend taken. She owed her own survival to a mutant - the very forces behind the destruction that has ripped her life apart. Now Sorrel will never be the same again. There is no "Before", there is only "Now". Because now there's no internet, no TV, no power grid. Food is scarce, and the world's a hostile place. But Sorrel lives a quiet life in the tiny settlement of Amat. It's all she's ever known ... Until a gang of marauding mutants destroys the village, snatching her brother Eli, and David, the boy she loves. Sorrel sets out after them, embarking on a journey fraught with danger, spurred on by the thought of Eli and David out there somewhere, desperate for her help ... THE NEW DARK is the first book in a scintillating new YA trilogy.
